Second swims - Level 3 and Level 4

For students in Level 3 & 4 who wish to swim twice a week, please register for your first Term 2 class online and then contact Jo at evo4squad@gmail.com to book your second swim.

DO NOT book second swims online as you will be charged **TWICE!**

In Term 2 & 3, second swims for these levels will return to no additional charge.

LEVELS

Please log in to your swimmer's profile via our website. At the top, under the Assessed Skills tab, you will be able to view levels.

The level is completed if it has a yellow star. You can then register your swimmer for the next level.

★ Level 2 - Water Competence

If the level has an arrowed circle your swimmer will remain in this level for Term 2.

↻ Level 3 - First Strokes

**FREE SWIMS
ARE BACK FOR
L3 & 4**

LTS Graduates

Term 1

Welcome to **PRE SQUAD**

- Lachie Barnes
- Drew McCormick
- Lucy Blatchford
- Toby Gear
- Seungyong Lee
- Olivia Hudson
- Pippa Geraghty
- Lachlan Jellett
- Jemma Grunsell
- Beau Guthrie
- Miko Southall
- Finn Shirley

Welcome to **STROKE DEVELOPMENT**

- Jake Williams
- Nicole Law-Gainfort
- Lexi van Der Wagt
- Thea Carlyle
- Inhye Kim
- Minhye Kim
- Jiyoon Park
- Vilem Slovacek
- Viktor Slovacek
- Koa Meyer
- Sua Son
- Ava White
- Finn McIntyre
- Max McIntyre
- Nash McIntyre

Otūmoetai Pool remains at the same temperature all year round. The pool can feel colder than it actually is during the upcoming months, due to the cooler air temperature within the facility.

We recommend

- If your child tends to get cold, let them wear a rashie, thermal top (or wetsuit for Level 1).
- Bring warm clothes, shoes and a jacket (or even PJs and a dressing gown) to put on after having a warm shower following lessons and for the walk to the carpark.

Ōtūmoetai Pool

77 Windsor Road, Bellevue,
Tauranga 3110

Assessments and Levels

For new or returning members, you will need an assessment before registering. Please email evo4squad@gmail.com to book an assessment.

At EVO our philosophy is that learning to swim does not have to be a long and complicated process. It is built on spending sufficient time consolidating the basis of all swimming - buoyancy, body position, and breathing. Learning to be safe in the water as well as the competitive strokes builds on this across our four progressive levels.

Please see below for the EVO LTS levels.
