Get Ready for Summer in Term 4

If you are returning to swimming with EVO after a break of longer than two terms, or are new to EVO LTS, please book in for a free swimming assessment.

We can do assessments every day from 3.45 pm. To request an assessment day and time, parents can email

evo4swim@gmail.com

Current LTS Members

Current members DO NOT require an assessment. Please log in to your swimmer's profile via our website. At the top, under the Assessed Skills tab, you will be able to view levels for Term 4.

The level is completed if it has a yellow star. You can then register your swimmer for the next level.

★ Level 2 - Water Competence

If the level has an arrowed circle your swimmer will remain in this level for Term 4.

↻ Level 3 - First Strokes

During Term 3 we added an Assessed Skills tab to each swimmer's profile. This shows the skills they have achieved in their current level and the skills still left to work on in order to move up.

If you wish to discuss your swimmer's level or progress, please email evo4swim@gmail.com

From the relaunch of EVO LTS, the club has offered Levels 3 and 4 a second lesson each week at no additional cost.

We have observed some great progress from those swimmers who took advantage of the second swim. Instructors have also enjoyed getting to know and accelerate students' swimming ability by seeing them more often.

However, due to lane space restrictions in Term 4 2023 and Term 1 of 2024, we will unfortunately no longer be able to offer this complimentary lesson.

For those who wish to continue swimming twice a week, you are welcome to contact us to discuss our availability and fees, AFTER you have registered for your first Term 4 class.

Thank you for your understanding.
